

Samford Report March 2024

Public consultation on Suffolk County Council's proposed devolution deal starts on 18th March

A 10-week public consultation on our proposed devolution deal with the Government will start on 18th March and run through until 26th May. The consultation will be in two main parts – an open survey, hosted by Suffolk County Council, that any residents can complete and a sample survey of 1000 Suffolk residents conducted independently by Ipsos Mori. The consultation will be available through our website www.suffolk.gov.uk/devolution and social media. There will also be media coverage highlighting the consultation.

Dragon Patcher lands in Suffolk to bolster response to rural potholes

Suffolk Highways has welcomed the new pothole-repairing machine to help fix the growing number of potholes experienced nationally during the winter season, with a trial set to initially target defects in rural Suffolk.

The Dragon Patcher is a machine that releases compressed air which cleans the surface of the road, before heating the surface to a temperature that enables repair material to bond effectively with the road surface, allowing the pothole to be repaired with an aggregate and hot bitumen material.

Compared with the traditional approach of repairing potholes, the Dragon Patcher can work five times faster. This trial is in addition to the potholes being repaired around the clock as part of our routine repair programme, during the past two months Suffolk Highways has repaired 2,851 potholes across Suffolk.

Fuelled by the biodiesel, HVO (hydrotreated vegetable oil), the patcher reduces raw material use and creates zero waste and has shown to provide significant carbon savings when compared to traditional patching techniques.

Once the trial ends in Suffolk, a decision will be taken on whether to roll out the technology across the county.

Councils' loft insulation offers for Suffolk homes

Suffolk's Public Sector Leaders have launched a Suffolk Loft Insulation offer, teaming up with builders' merchant Travis Perkins to offer Suffolk residents a significant reduction on loft insulation.

Samford Report March 2024

There are four product options available, and residents will receive a 50% discount off their purchase (up to £200), with free delivery.

According to The Energy Saving Trust, it is estimated that an uninsulated home loses a quarter of its heat through its roof. An effective way to reduce this heat loss, and heating bills, is to insulate your loft, attic or flat roof. Correctly installed insulation should pay for itself many times over in its 40-year lifetime.

The offer is open to anyone and will close once the allocated funding has been spent. To find out more visit www.greensuffolk.org/at-home/grants/. Simply fill out the [online order form](#) and Travis Perkins will be in touch to arrange payment and delivery.

The Loft Insulation Grant is being funded by Suffolk's Public Sector Leaders and Travis Perkins and will help contribute to Suffolk's Climate Emergency Plan and our vision for Suffolk to become Carbon Neutral by 2030.

Have your say on Suffolk's local transport plan

Residents are invited to share their views on how they travel to help inform Suffolk's Local Transport Plan.

The plan sets out a long-term vision for transport in Suffolk and covers key themes such as decarbonisation of transport, strengthening the local economy, promoting health, wellbeing and social inclusion, and creating better-connected places that encourage a range of transport choices.

Suffolk County Council is asking for feedback on the key themes proposed for the fourth version of the plan, which will cover the period until 2040 and respond to long-term transport opportunities and challenges facing Suffolk and the UK as a whole.

A link to the survey can be found at <https://www.suffolk.gov.uk/ltp4>. The consultation will run for eight weeks until 8 April 2024.

Feedback from the consultation will be collated and inform the production of the draft local transport plan. The full draft document will then be subject to further consultation later in the year.

£4.4 million to be spent on additional staff to strengthen SEND reform

Suffolk County Council's Cabinet confirmed today that 60 new members of staff will be recruited to drive forward important reform to the way special educational needs and disability (SEND) services are delivered in Suffolk.

Samford Report March 2024

New Cabinet Member for Education and SEND, Andrew Reid, today reaffirmed Suffolk County Council's commitment to ensuring improvements to the SEND service go further and faster. This includes an increase in permanent SEND staff of nearly 15%.

These new posts will support the improvement of the quality and timeliness of assessments, plans, reviews, and communications with families.

Councillor Andrew Reid, Cabinet Member for Education and SEND, said:

"We must continue to invest in this service to bring about wide scale improvement. This includes investing in staff resources, so we have the capacity to deliver change. We continue to focus on this priority – we owe it to Suffolk's children and young people."

In January, a report by Ofsted and Care Quality Commission (CQC) found significant concerns with the way SEND services are delivered by the NHS and Suffolk County Council. In response to this, the Local Area Partnership, made up of Suffolk County Council, the NHS Suffolk and Northeast Essex Integrated Care Board (ICB) and NHS Norfolk and Waveney ICB, must submit a Priority Action Plan by March 7 outlining the improvement programme.

In order to support this improvement programme, an additional £4.4million was signed off during the budget discussions at Full Council on February 15. Of this, £3.4million will provide 46 new full-time posts – a increase of 14.76% in current staffing levels. An additional £1million will be spent in 2024/25 to fund 14 temporary posts.

Cabinet today agreed to delegate authority to approve the priority action plan to be submitted to Ofsted and CQC on March 7 to the statutory director of children's services in consultation with the Cabinet Member for Education and SEND. The priority action plan is also being approved at the Suffolk and North-East Essex ICB Executive and the Norfolk and Waveney ICB Executive on 4 March 2024.

Applications open for new Suffolk Business Board

Inspirational and influential local businesspeople are sought to form the board, which will represent the local business community and will help steer the local economic strategy to create a stronger and higher-skilled economy for Suffolk.

The board will meet 4-6 times a year to help shape economic strategy and priorities for Suffolk, to oversee delivery of funded programmes such as business support and skills training for Suffolk, and to work closely with partners such as District councils, neighbouring counties, and national economic and trade bodies.

The county council is seeking candidates who represent the diversity of Suffolk's people and economy, whether that be sector, geography, or business type.

Samford Report March 2024

Expressions of interest should be emailed to businessboard@suffolk.gov.uk by Friday 22 March, with a short biography or CV and a brief cover letter outlining your interest in the opportunity and what area(s) of expertise you feel you could bring.

Board membership is a voluntary position, and terms are for up to three years from the date of appointment. The Business Board will be supported by a dedicated team of council officers.

The establishment of the Business Board follows the Government's announcement in 2023 that Local Enterprise Partnerships (LEPs) would be integrated into upper tier local authorities. The Suffolk Business Board will succeed the existing New Anglia LEP Board which ceases on 31 March 2024.
